MRU 4,000 Integrated CNG Daughter Station

Technical Data Sheet | Skid-mounted | Fixed or mobile

RATED CAPACITY
4,000 scm/h
OUTPUT 250 BAR

PRODUCT OVERVIEW

MAIN SPECIFICATIONS

Model	MRU 4,000	**Rated capacity**	4,000 scm/h
Output pressure	250 bar	**Compressor**	Hydraulic
Configuration	Skid-mounted, fixed or mobile	**Gas**	CNG

INCLUDED ON THE SKID

Storage	On-skid CNG storage	**Dispenser**	Integrated CNG dispenser
Metering	Mass flow metering	**Filtration**	Gas filtration
Safety	Gas-leak alarms, emergency shut-down	**Installation**	Ready to connect, no major civil works

Uses: refuelling CNG vehicles, buses and trucks, and filling cascades for gas generators, where there is no pipeline.

Remark: The technical parameters above are for reference only. Actual data may vary depending on specific production conditions.
