Pulita PRMS (pressure regulating & metering skid), 20–20,000 m^3/h

Specifications | Pulita New Energy

Item	Specification
Flow range	20 scm/h – 20,000 m^3/h
Inlet	High-pressure CNG (up to 250 bar) or pipeline gas
Functions	Multi-stage pressure reduction, heating and flow metering
Safety	Safety shut-off and relief valves
Enclosure	Weatherproof, lockable cabinet or skid
